About This Game

Anonymous Me is a Chinese style 2D platformer. You can cycle through three weapons and hack & slash your way with cool combos. Explore the world as the story unfolds. In the end, you will challenge some overwhelming power.

Anonymous Me is set in late Qin Dynasty of China. People are brutalized by The first emperor of china---Ying Zheng. The empire that unifies China is falling already. Female assassin “Mang” is drawn into a long premeditated conspiracy right after she manages to escape an evil organization.

It is true that everyone is nobody in that given historical period in China. It’s almost impossible for people to control their own fate. Before we make the conclusion, let’s just hear “Mang’s” story.

GAME FEATURES

■Chinese style arts and music

Enhanced by stunning animations, Anonymous Me boasts a beautiful hand-drawn world vividly depicting China in Qin Dynasty, which was more than 2,000 years ago. Hack and slash your way out of cities, high mountains, snowy plains, and ancient tombs. Explore this gorgeous ancient empire accompanied by ethereal Chinese style music.

■An epic storyline of twists and turns

Protagonist “Mang” blurs the line between good and evil. Qin Dynasty is collapsing. What does life hold for her in all this turbulence and chaos? Unravel the mystery and discover the huge conspiracy through thought-provoking dialogues and ingenious level design.

■It’s all about combos

“Mang” is a master wielder of DualBlade, BoardSword and is an excellent archer as well. You can cycle through the three weapons any time you want. Switching weapons will deal extra damage to enemies and activate special moves. Always stay vigilant in battles and use this feature to your advantage. Make powerful combos by switching weapons. The mysterious “Blood Sigil” system enhances character stats, so that you can always fight the way you want.

■Innovative “Mind”system

“Mang” has gone through a lot and has a complicated personality. We believe that she is more than a mere character you control. Inspiration System lets you know what she is thinking as the game progresses. At some critical moments, she will ask you to make choices for her, which will have drastic impact on how the story goes. We will perfect “Inspiration” system in future updates.

Very intense! There are a variety of weapons, mostly melee but with throwables and bows too. In addition, the weapons have special abilities such as sending a wave of fire or an exploding throwing knife. You can change the weapons quickly with the trackpad to change playstyle.

There are some RPG elements included such as levels, attributes, money to buy weapons and so on.

It looks like Dynasty Warriors, but it plays nothing like it. You may take on a few enemies at once, but you won't be smashing a thousand or so per level out of your way like nothing.

. this game suck only one class really? wtf its not worth anyones time. The VR for Battle Fleet 2 is amazing. It would be nice to see more added to the game. like Marines assaulting the beach or transit times for airplanes in flight. Nice game, show!. Excellent artwork with a solid story featuring interesting characters. Definitely takes its time, so this is not a game for the impatient.. I'm not sure what I expected from this. The scenery is beautiful and the atmosphere is very creepy at the start. However, as the story unfolds, it gets a bit too far-fetched for me. But if other-worldly adventures are your thing, then I imagine this would be great. It's a decent way to kill a few hours and I'm not upset I gave it a try. 7/10

This games monster art is... disturbing.. I enjoyed this game, for a time, but it's horribly buggy and has a ton of balancing issues that make the mid to endgame a slog. The game's been abandoned for- oh look at that! Over a year.

Don't buy.. I enjoy playing this with friends, it makes most of our group crack up laughing. The insults aren't really that mean, but they do require you to actually be creative. Have fun with it!. What a cool♥♥♥♥♥game! Simple brawler that allows you to mash buttons and succeed in progressing through the game but also offers a nice combination system for timing your hits. Theres a lot of variations in the moves you pull off depending on which weapons you are carrying (if any) and theres also some really cool finishing moves. The finishing moves are just flare that you watch after finishing off a fight but its super cool.

Its aged nicely, the graphics are beautiful. =) Very fun cool game.. 10/10 the best game I have ever played as I have played so many games this is definetly the best game ever. Even though this game looks bad in the pictures but ios great when you play totally recommended for non-boring people. It's interesting to play this game a bit, it looks minimalistic and therefore not annoying, stealth is simple. glitchy and poorly thought out game play, dont waste your money
